

Who can apply?

We welcome applications from university teachers, tutors, doctoral and post-doctoral students and researchers who are interested in improving their teaching practices in online settings.

For more information, please visit our website at www.ecolhe.eu

How is the course structured?

The training will be fully online. There will be **two synchronous activities** (webinars) and **four asynchronous activities** where participants will design, plan implementation, and evaluate online or blended learning situations. The course workload is 30 hours.

ENGAGING H.E. STUDENTS WITH COLLABORATIVE E-ACTIVITIES:

Training to get more motivated students with online or blended learning

Are you keen on new technology-enabled training methods?

Would you like to improve your knowledge and skills in digital technologies in HE?

Are you willing to learn about innovative online approaches, focusing on improving and upgrading teachers' digital competencies, for fostering students' level of engagement and motivation?

If the answer to these questions is yes, this training course is the right choice for you!

The partners of project ECOLHE (Empowering Competencies for Online Learning in HE) are inviting you to participate in the online course **"Engaging Higher Education students with collaborative e-activities"** which will run, on a weekly basis, from **March 2022**.
